

# Modular Lockers – 80000 Series

## Installation Instructions

Modular lockers are fully assembled. The flexibility of the modular locker design allows multiple units to be connected vertically or horizontally with mounting hardware (provided). The lockers should be placed in the installation location, connected with the mounting hardware (provided) and anchored to the floor, wall, or to both. The back of each modular locker has four (4) key holes for ease when mounting to a wall. Anchoring fasteners are not provided as individual job conditions will dictate the type of anchor fasteners that should be used.

### Sample Stacking Installation:

### SALSBURY INDUSTRIES

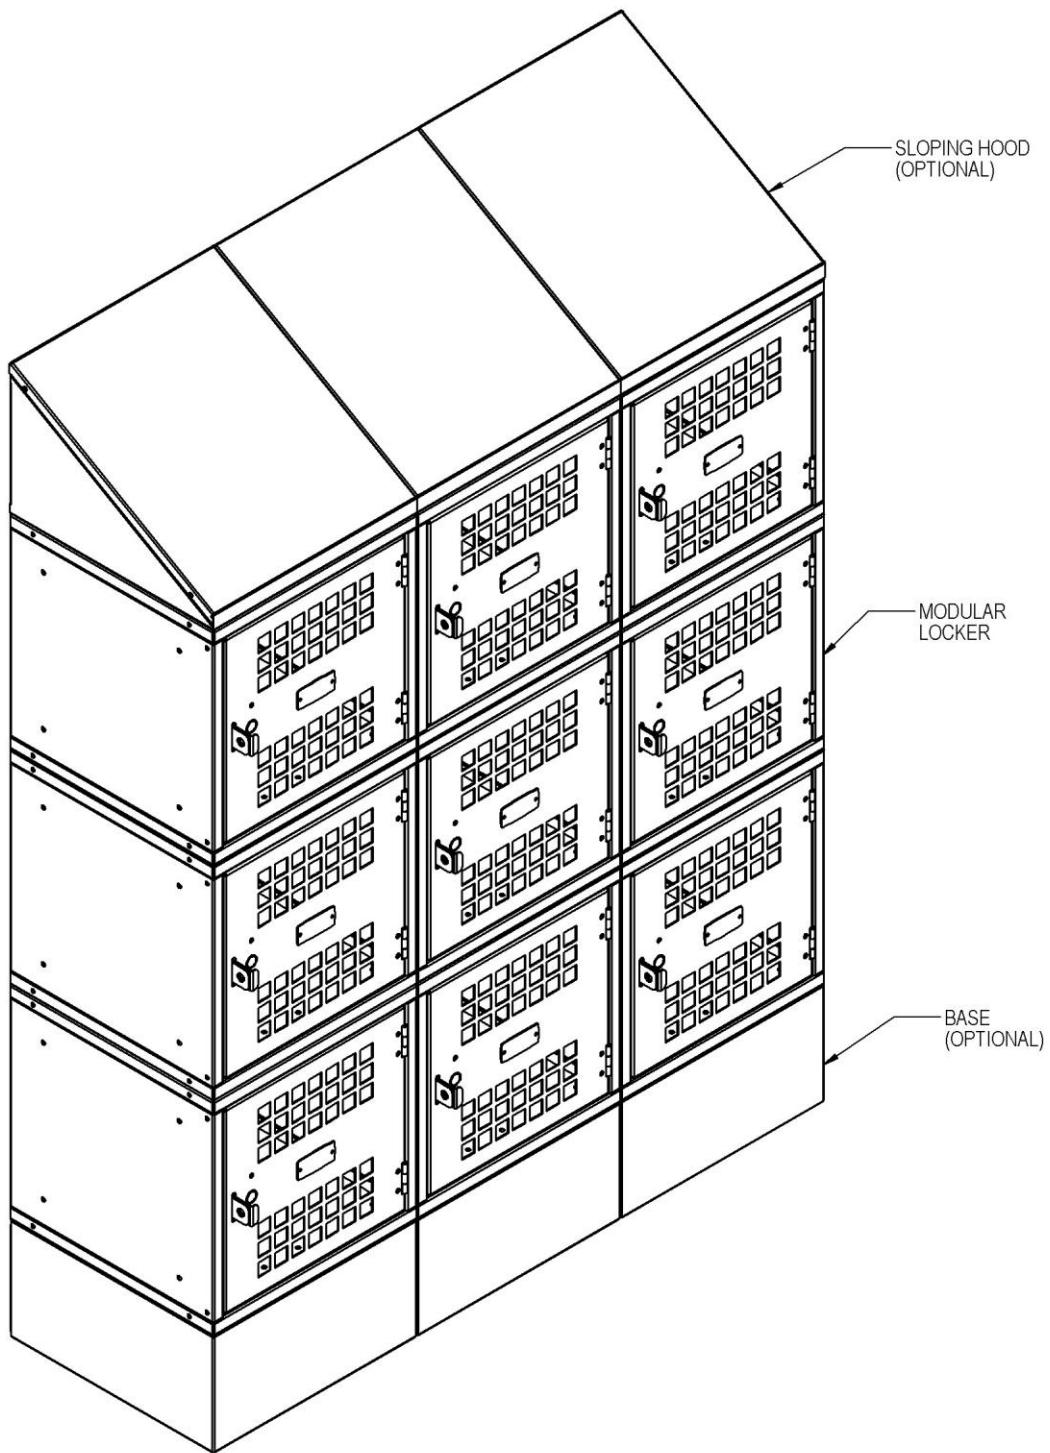

1010 East 62<sup>nd</sup> Street, Los Angeles, CA 90001-1598

Phone: 1-800-562-5377      Int'l Phone: 323-846-6700

Fax: 1-800-562-5399

Int'l Fax: 323-846-6800
